

Operations Board Report October 2016

Delivery Accomplishments

ILDS has been the main focus currently.

Building Updates

Champaign

Roof repairs will begin October 17, 2016.

Carbondale

Delivery has been trying out several solutions to unloading and loading their vans. Reduction in loading/unloading times is our goal. A box truck is being evaluated for purchase to efficiently switch out ILDS items in Champaign.

Edwardsville

A box truck is also being evaluated for delivery in Edwardsville as well.

Staff Recognition

Chris Janvrin, our Champaign Operations Manager, will retire from IHLS at the end of October following 25 years of service to library systems in Illinois. His laidback, can-do attitude will be missed.

Respectfully submitted,

Susan Palmer
