The Members Matter Meetings were begun in July, 2016 to establish regular communication and conversation between IHLS staff and our Member Libraries. Initially, the meetings were held at one physical location and all other sites connected via V-tell. With the adoption of the Zoom electronic meetings program, V-tell was used only at one physical location and the Illinois State Library, other participants used Zoom.

After taking some time to evaluate our FY17 meetings, we will make some changes for the current fiscal year.

- All meetings will be scheduled from 10:00 a.m.---12:00 p.m.
- We will extend an invitation for all those attending in person to gather for lunch following the meeting, in order to enhance the networking experience.
- We will invite guest speakers to the meeting to share information on timely topics.
