RE: FY2024 Board Elections

The IHLS Nominating Committee met Thursday April 20, 2023. The committee reviewed and confirmed the results of the election. Committee members contacted phoned all successful candidates and to confirm those chosen to serve on the board. All candidates were contacted to thank them for running on the ballots and to confirm the end of the election. An announcement will go out to membership one week prior to the May board meeting and the committee will present the newly elected slate to the board at the May board meeting.

Committee Recommendations to Improve the Election Process:

- Confirm how election results are presented to the committee
- Differentiate public library trustee from public library representative when seeking nominees
- Confirm commitment of committee members to attend all meetings
- When recruiting committee members share the number of months and meetings they will commit to
