RE: Advocacy & Education Committee

At their January 21 meeting, the Executive Committee recommended the following members be added to the Advocacy and Education Committee. All applications were reviewed and vetted by the committee. These members will join current committee members and IHLS staff to form the revised group. Please see the committee membership below.

As per the [committee charge](#), this reflects the diversity of our membership regarding library type, size, and geographic representation.

Our goal is to have an inaugural meeting in February. Please let me know if you have any questions.

Thanks for your consideration and input.
