## **Communication**

Susan Palmer shared the names of the recipients of the IHLS Surplus Delivery Grant. In all there were 15 applicants. The libraries who were awarded a grant were: Crab Orchard Public Library, Danville Public Library, East St. Louis Public Library, Jerseyville Public Library, and Rochester Public Library District.

A brief overview of some of the services that will be enhanced/created by having a vehicle:  
Crab Orchard Public Library plans to provide mobile WiFi access as well as materials to all in their service area. They will partner with local government and organizations to enhance the already established Book Stop visits. Also, they will be doing outreach to the underserved patrons in the community.

Danville Public Library will partner with the 3 local area high schools to establish mobile WiFi and share resources and knowledge with high school age community members. Community events would be another area that this van would be used to share WiFi and resources.

East St. Louis Public Library will partner with the East St. Louis School District 189, the City Mayor and Councilmen, and the newly formed Rotary Club to provide WiFi access to all residents of the community.

Jerseyville Public Library will provide homebound services as well as provide a mobile "Little Free Library" to residents of Jersey County. Also, they will partner with St. Francis/Holy Ghost School with a mobile collection in addition to providing enhanced WiFi access for their residents.

Rochester Public Library District plans to expand upon "In YOUR Community" grant outreach program and partner with local businesses and organizations as well as the Rochester CUSD #3 to provide WiFi access. Homebound outreach will be expanded as well as story time to preschools.

### ILA Legislative Meet-ups

Josh Short reported on his experience with the Legislative Meet-Up that he attended. He had mixed feelings about it and said many who attended miss the in-person events. None of the representatives from his area attended and the meeting was short. There was some discussion about the continued lack of internet access for Illinois residents.

### Kahok Community Reads -- presentation by Ashley Stewart, Caseyville Public Library

Leslie Bednar introduced Ashley Stewart, the Director of the Caseyville Public Library. In addition to bringing a small library into the center of the Caseyville community, Ashley is active at a broader level. Statewide, she is one of the dedicated library staff supporting summer reading programs through ILA's iREAD program. Ashley, and her colleague Lindsey Herron (Director, Wood River PL), are presenting Adding Color to your 2021 Summer Reading Program. Thursday, March 11, 10 a.m. to noon, via Zoom.

Ashley shared a Power Point presentation about the Kahok Community Reads program. Highlights include, community professionals coming together to provide continuity of services for the students and families in Collinsville Unit 10 School District. This includes creating a uniform library card application, building library programming into school curriculums, homework help stations at public libraries, accessibility to internet, and libraries providing volunteer opportunities for students to earn service hours. The presentation will be emailed to the board to share with their library boards.

### FY2021 Budget and Operational Plan Review

Leslie Bednar indicated a written version will be shared when it is complete. The FY2021 General Fund Budget shows a surplus of approximately \$400,000.00 - \$500,000.00 vs. the approved budget. The approved budget is approximately \$305,000.00 revenue under expenditures. If we continue in this direction, we will end the fiscal year with revenue over expenditures. At this point in the fiscal year, shifted priorities due to the pandemic and other unexpected savings will allow IHLS to end the year conservatively around \$100,000.00 revenue over expenditures.
