

## Membership Report

February, 2017

### Annual Certification

As of Tuesday, February 21, the numbers of libraries that have completed this annual task are as follows:

Academic Libraries	23 Certified
Public Libraries	198 Certified
School Libraries (district)	130 Certified
Special Libraries	19 Certified
IHLS Total	370 Certified with 154 libraries left to complete certification.

All libraries have been contacted at least once via e-mail and phone call follow-up will now begin. The deadline for the completion of the certification and the ILLINET Interlibrary Loan Traffic Survey is March 31, 2017.

### Membership Updates

Since the last report, site visits have been made to the following libraries:

### **Centreville Public Library**

Despite numerous attempts via phone, e-mail, and the U.S. Mail, we have not been able to have any meaningful communication with the Centreville Public Library Board of Directors or the Mayor. At their meeting on February 6, 2017, the Membership and Policy Committee voted to recommend suspension of this library to the full board. A written notification of this action was sent to the board president and the mayor of Centreville and to date, there has been no response.
