RE: Nominating Committee Recommendations

According to our Bylaws, each November the President of the System Board nominates five system members to the nominating committee. The committee's role is to "select and confirm candidates for election to the System Board representing all geographic areas."

With hope that with our diligent work done to get the committee together, these individuals feel they have sufficient time to provide a well-developed slate of board prospects. I recommend the following members for the 2018 IHLS Nominating Committee:

Lacey Wright -- Barclay Public Library District
Monica Cameron -- Shelbyville Public Library
Rachel Fuller -- Urbana Free Library
Merna Youngblood -- Frontier Community College
Kathy West -- Pinckneyville Public Library

Thank you for your consideration.
