## Booklist Online Unlimited-User Database

*Booklist Online* is a subscription database offering 180,000+ reviews, articles (book lists, read-alikes, columns, etc.), and other material from over 25 years of *Booklist* and *Book Links* magazines, with advanced search capabilities and workflow tools. The database is accessed through a website using common authentication options, such as IP range, referring URL, and remote sign-in. Unlimited-use pricing for a full year is based on library type as well as number of district school buildings, public library population served, or academic degrees granted.

## Booklist and Book Links Print Magazines

Print subscribers get 22 issues of *Booklist* each year, as well as four *Book Links* supplements and single-user sign on to *Booklist Online*. Full-priced subscriptions are **\$167.50** each in 2018. Billing must be centralized to qualify for discounted prices. Bulk discounts (10 copies or more) require single-location delivery, such as a distribution center, district office, or main branch. These prices are available through sales agencies or direct to publisher.

**BONUS OFFER FOR 2018!** School districts purchasing 25 or more print subscriptions will receive a **FREE** unlimited-user, network-authenticated, *Booklist Online* account covering all their buildings. This will allow teachers and library staff to use this important collection development tool as a shared resource.
