 RE: FY2017 Board Citation Schedule (Complete)

Many thanks to all of you for volunteering to present the various legal citations during this board year. One of the requirements of library system board members is the review of and compliance with several laws and regulations pertinent to the oversight of system activities. (See 23 ILAC 3030.265 b)7.) Your time is valuable and the service you give to Illinois Heartland Library System is much appreciated.

The citation schedule for FY2017 is complete. If you have any questions regarding your particular presentation please let me know.

Thank you.
