SHARE Report

With two quarters left to expend Dream Grant funds, SHARE staff are working diligently with Transitional members to help them Go Live on Polaris. In addition, we have had inquiries from 7 potential new member libraries.

Given the approval of the Illinois State Library to recruit any ILLINET member to join SHARE, staff are working on developing information to provide potential new members regarding costs, benefits of participating, and the process for going live on Polaris.

SHARE, IT, and Polaris staff conducted a very successful and fast upgrade to the integrated library software over the weekend of January 17. There was no down time for member libraries.

SHARE committees continue to refine the way we do business and provide service, as they continue to develop and/or improve the policies and procedures for the consortium. The new eResource Committee will have its' first meeting in January.

SHARE staff continue to provide support, information, training, and cataloging for member libraries.

FY17 Annual Agreement forms will be mailed to each member library very soon. These forms will include an estimate of each members' FY17 SHARE Member fees, Polaris module fees, and Bibliographic fees. While invoices will not be sent until July, and fees will not be due until the fall, we understand having this information available as early as possible helps member libraries with their budget planning.

Transitional Member Progress Report

Libraries Ready for Profiling in Polaris:

- | | |
|--------------------------------|----------------------------|
| 1. Hoopston Area High School | 4. John Greer Grade School |
