

Operations Board Report July 2016

Delivery Accomplishments:

Continue to meet weekly with RAILS/CARLI to implement needed standards for the ILDS delivery

Continue to shift libraries to get the optimum efficiencies. Traci Edwards has been flexible and appreciated.

Purchased a box truck to help with ILDS loads

LASA (Laboratory of Applied Spatial Analysis) is currently evaluating the hub locations in the state for the ILDS exchange. Currently the location is Bolingbrook, Illinois.

Attended Members Matter meeting at the Morrison-Talbott Library in Waterloo

Member libraries have been wonderfully patient with delivery as we change routes in the first step of providing functional 5 day a week service.

Building Updates

Champaign

Chris Janvrin is obtaining three quotes for the roof repair. More leaks have sprung and need to be addressed.

Du Quoin

Troy Brown is working on the preliminaries for the move to Carbondale.

Edwardsville

Linda Petty dealt with storm damage to the tree in front of the building which resulted in the tree being removed.

Respectfully submitted,

Susan Palmer
