- Scheduled delivery meetings for drivers/sorters
- Statewide Delivery Committee recommendations approved
- Attended SHARE/Delivery meeting
- FY2015 budget finished

Delivery Outreach

Attending LibNet meeting in Mt. Vernon on April 29th

Building Updates

Champaign

Fan removed from wall and wall repaired. We are in the process of ordering the logo signage for the outside of the building. .

Du Quoin

The logo sign has been installed on the outside of the building. I have spoken with the landlord about the toilets once more. He agrees we need a permanent solution and has called his plumber. IMSA is happy with the new wall which separates their area from the storage area for the machines.

Edwardsville

We are in the process of going out for bids for the mine subsidence repairs. We are also fixing the drainage issue on the side yard.

Respectfully submitted,

Susan Palmer
